The New York Times bestselling prequel to the Pulitzer Prize-winning classic *The Killer Angels* In this brilliantly written epic novel, Jeff Shaara traces the lives, passions, and careers of the great military leaders from the first gathering clouds of the Civil War. Here is Thomas "Stonewall" Jackson, a hopelessly by-the-book military instructor and devout Christian who becomes the greatest commander of the Civil War; Winfield Scott Hancock, a captain of quartermasters who quickly establishes himself as one of the finest leaders of the Union army; Joshua Chamberlain, who gives up his promising academic career and goes on to become one of the most heroic soldiers in American history; and Robert E. Lee, never believing until too late that a civil war would ever truly come to pass. Profound

in its insights into the minds and hearts of those who fought in the war, *Gods and Generals* creates a vivid portrait of the soldiers, the battlefields, and the tumultuous times that forever shaped the nation. With this superbly written, meticulously researched, and concisely argued study, Rogers has helped deepen our understanding of the Confederate civilian experience. Drawing from a wealth of historic documents and personal papers, William Warren Rogers, Jr., provides a fascinating and detailed political, economic, social, and commercial history of Montgomery from 1860 to 1865. His account begins with an examination of daily life in the city before the war began-how slaves outnumbered whites, how an unvarnished frontier atmosphere prevailed on the streets despite citizens' claims to refinement, how lush crops of corn and cotton grew in fields right up to the city limits, and how class divisions were distinct and immovable. Rogers arranges his material topically, covering the events that led to the decision for secession and Montgomery's heady days as the Confederacy's first capital; the industrialization of the city's war effort as it became a hub of activity and served as a military post; the city's business patterns and administration as it attempted to promote the Confederacy and defend itself from federal forces; and the plight of the small group of Unionists who inhabited Montgomery through the war. Rogers concludes with chapters examining the situation in Montgomery as the Confederacy unraveled and the city fell to Union troops. The Montgomery experience offers a microcosm of life on the Confederate home front and demonstrates that citizens generally experienced the same hopes, deprivations, and tragedies that other Southerners did at this time. Rogers's well-written, comprehensive history of the wartime city makes an original contribution to Civil War homefront and community studies that should appeal to general readers and scholars alike. This reference work chronicles and categorizes more than 23,000 Union casualties at Gettysburg by generals and staff and by state and unit. Thirteen appendices also cover information by brigade, division and corps; by engagements and skirmishes; by state; by burial at three cemeteries; and by hospitals. Casualty transports, incarceration records and civilian casualty lists are also included. In this wide-ranging study Stephen Foster explores Puritanism in England and America from its roots in the Elizabethan era to the end of the seventeenth century. Focusing on Puritanism as a cultural and political phenomenon as well as a religious movement, Foster addresses parallel developments on both sides of the Atlantic and firmly embeds New England Puritanism within its English context. He provides not only an elaborate critique of current interpretations of Puritan ideology but also an original and insightful portrayal of its dynamism. According to Foster, Puritanism represented a loose and incomplete alliance of progressive Protestants, lay and clerical, aristocratic and humble, who never decided whether they were the vanguard or the remnant. Indeed, in Foster's analysis, changes in New England Puritanism after the first decades of settlement did not indicate secularization and decline but instead were part of a pattern of change, conflict, and accommodation that had begun in England. He views the Puritans' own claims of declension as partisan propositions in an internal controversy as old as the Puritan movement itself. The result of these stresses and adaptations, he argues, was continued vitality in American Puritanism during the second half of the seventeenth century. Foster draws insights from a broad range of sources in England and America, including sermons, diaries, spiritual autobiographies, and colony, town, and court records.

Moreover, his presentation of the history of the English and American Puritan movements in tandem brings out the fatal flaws of the former as well as the modest but essential strengths of the latter. "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Contemporary American History 1: Before 1865 covers America's story from its beginning through the end of the Civil War. 20 chapters provide information about American history from economic, geographic, political, religious, technological, social, and cultural perspectives. Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Excerpt from *The British Controversialist and Literary Magazine*, 1865, Vol. 1: Devoted to the Impartial and Deliberate Discussion of Important Question in Religion, Philosophy, History, Politics, Social Economy, Etc.; And to the Promotion of Self-Culture and General Education Safe from the storm, in comfort tarrying. Here did it enter - there with hasty wing Flies out, and passes on from cold to cold. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. Emmala Reed's journals from 1865 and 1866 present a detailed account of life in western South Carolina as war turned to reconstruction. Reed's postwar writings are particularly important given their rarity - many Civil War diarists stopped writing at war's end. Also unlike many diarists of the period, Reed lived in a small town rather than on a plantation or in an urban center. This volume provides material that will allow a fresh evaluation of Grant's activities following Appomattox. In April Grant commanded an army of more than 1,000,000 men maintained at enormous cost. Disbanding this army took priority. By mid-July, more than two-thirds of the volunteers had been mustered out. Grant as peacemaker exerted his power to protect his former adversaries. He opposed prosecuting Southern military leaders, including Robert E. Lee and others who had been indicted for treason. The South had to accept defeat, but Grant was no believer in a Carthaginian peace. Two military tasks remained. Grant sent his two most trusted subordinates to solve these problems: Major General Philip H. Sheridan to pressure the French in Mexico and Major General William T. Sherman to keep settlers and Indians apart. During the summer, Grant drafted his report on the last year of the war. The style as well as the substance of the report attracted widespread attention. It also made clear Grant's mastery of events during that terrible year. American history for kids ages 11+ Help your middle grade child build proficiency in US history and AP us history with the activity-packed Mark Twain American History Workbook! American History Books are a great way for children to have a thorough understanding of a people's history of the United States from 1607-1865 through focused lessons and practice. Why You'll Love This American History Textbook Engaging and educational history lessons and activities. The Declaration of Independence, California God Rush, and pre Civil War era are a few of the topics that are included in the workbook to help inspire learning in your child's classroom or homeschool curriculum. Graphic or ganizers and time lines are included for additional learning support. Tracking progress along the way. Use the answer key in the back of the American history workbook to track your child's progress before moving on to new lessons and topics. Practically sized for every activity. The 96-page workbook is sized at about 8" x 10 1/2"--giving your child plenty of space to complete each exercise. About Mark Twain Books Designed by leading educators, Mark Twain Publishing Company specializes in providing captivating, supplemental books and resources in a wide range of subjects for middle- and upper-grade homeschool and

classroom curriculum success. The Mark Twain American History Workbook Contains: US history lessons and activities Graphic organizers Time lines and answer key Explores the leisure pastimes of America as seen in late-19th and early-20th century art Contemporary American History 1: Before 1865 covers America's story from its beginning through the end of the Civil War. 20 chapters provide information about American history from economic, geographic, political, religious, technological, social, and cultural perspectives. An "account of the Gilded Age's real legacy that lies buried beneath its capitalists of legend and its corrupt politicians"--Provided by publisher. Contemporary American History 1: Before 1865 covers America's story from its beginning through the end of the Civil War. 20 chapters provide information about American history from economic, geographic, political, religious, technological, social, and cultural perspectives. Author Wade Hall has taken Abraham Lincoln's actual words from speeches, articles, and letters and assembled them in the form of answers to questions posed in an imagined interview with a fictional young journalist recently returned from the war front. The result is a fresh look at the mind and philosophy of our sixteenth president and the issues he was grappling with as the war came to a close, just a few days before he was assassinated. American History 1 covers America's story from its beginning through the end of the Civil War. American History 2 begins with Reconstruction and the assassination of President Lincoln, and continues through the modern era. The 20 chapters in each book provide information about American history from economic, geographic, political, religious, technological, social, and cultural perspectives. Highlights: Incorporates the NCSS high school thematic strands Audio and Interactive activities On the student CD, full audio and interactive activities help the student better comprehend the material, improving their ability to read in the content areas. Reading support There is extensive attention paid to helping students improve their reading ability. The readability is controlled throughout the program. ELL support Specific activities target the needs of the second language student Usability The program is designed to be simple for teachers and students to use. The PDF form of all Teacher CD content makes it easy to print materials as needed. Engaging content - Our series is replete with illustrations, maps, photos and timelines. Value The program offers a complete, four color social studies curriculum at a very competitive price. Flexibility the program can be used by a variety of student types, including Adult Ed students. Format Descriptions: Teacher's Resource Binder Includes annotated teacher's edition Blackline masters with answer key Reading comprehension activities Vocabulary reinforcement activities Additional biographies Additional primary source documents Chapter activities, reviews, quizzes Full-color overhead transparencies Teacher CD-ROM Additional blackline masters Full book assessment Unit tests and chapter quizzes ELL reading comprehension activities ELL vocabulary reinforcement activities Chapter puzzles Complete annotated teacher's edition in PDF format Student Texts Engaging four-color design Unit openers with timelines and discussion questions Pre-reading strategies and introduction activities Reading and vocabulary support Small-group activities Writing activities Primary source documents Chapter summaries with review questions End of chapter skill builder Annotated Teacher's Edition Reduced student pages with detailed classroom and teacher support Lesson objectives Key materials identified Extension

activities Vocabulary lessons Literary connections Classroom discussions Answers to student questions Summary: Integrates print and electronic resources, resulting in a complete classroom solution. Every chapter and lesson in the student text contains features and activities designed to keep students engaged in the learning process. The student CD , replete with audio and interactivity, the Annotated Teacher's Edition, and the Teacher's Resource Binder, which includes a teacher CD , all provide additional material for special-needs students and English Language Learners. Eulogy of Abraham Lincoln - Before the General Assembly of Connecticut, at Allyn Hall, Hartford, Thursday, June 8th, 1865 - Vol. 1 is an unchanged, high-quality reprint of the original edition of 1865. Hanserbooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hanserbooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future. Presents a history of the various towns of Oswego County from 1877, maps of the county, engravings of various county scenes, and information about prominent individuals of that time and earlier. Part 1 describes the care and use of county archives, and the functions of clerk, recorder, and school and fiscal officials. Part 2 details the types of records and locations in each county. Age of Betrayal is a brilliant reconsideration of America's first Gilded Age, when war-born dreams of freedom and democracy died of their impossibility. Focusing on the alliance between government and railroads forged by bribes and campaign contributions, Jack Beatty details the corruption of American political culture that, in the words of Rutherford B. Hayes, transformed "a government of the people, by the people, and for the people" into "a government by the corporations, of the corporations, and for the corporations." A passionate, gripping, scandalous and sorrowing history of the triumph of wealth over commonwealth. Richard A. Schwarzlose's long-awaited two-volume The Nation's Newsbrokers makes a major contribution to the history of journalism in the United States. Schwarzlose traces the development of the Associated Press and the predecessors of United Press International from scattered beginnings in the 1840s to their emergence as a mature national institution in the World War I era. In Volume 1, Schwarzlose analyzes the problems of communication and transportation in the eighteenth and nineteenth centuries and examines the news media before and during the Civil War. This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1907 edition. Excerpt: ...movement is valuable. Blaine, Twenty Years of Cong., II., 520, 531. with the Liberal chiefs,1 and were too deeply committed to withdraw. By this time there was, indeed, no hope of success against Grant except through Greeley; and accordingly the Democratic convention, which met at Baltimore, July q, simply adopted the platform and the candidates of the Liberals., The acceptance of the platform was a step of great significance. Four years earlier the Democratic national convention, under southern inspiration, committed the party to repudiation of congressional reconstruction and the war amendments as revolutionary and void;2 now it solemnly resolved to jnaintain emancipation and enfranchisement, and " to oppose any reopening of

the questions settled by the Thirteenth, Fourteenth, and Fifteenth Amendments." This was simply to acknowledge defeat on the issues of the war and reconstruction, to relegate those issues to the dead past, and to take a stand on the necessity of such relegation. The expediency of this "new departure" in party policy had been widely discussed during the growth of the Liberal movement. Vallandigham, of Ohio, had strongly advocated a change of base by the Democracy,<sup>1</sup> and the support given to the project by the old Copperhead faction, which he represented, had been a source of much encouragement to the anti-Grant Republicans. <sup>1</sup> McClure, *Our Presidents*, 230; Blaine, *Twenty Years of Cong., II.* 524. 'See above, p. 132. *Am. Annual Cyclop.*, 1871, pp. 609, 750. On June 5, a month before the Democratic convention did its work, the regular Republicans met at Philadelphia and ran through the long predetermined programme of naming General Grant for a second term. The serious anxiety which the Liberal defection caused to the... In the Pulitzer prize-winning classic *The Killer Angels*, Michael Shaara created the finest Civil War novel of our time. *The Last Full Measure* tells the epic story of the events following the Battle of Gettysburg and brings to life the final two years of the Civil War. Jeff Shaara dramatizes the escalating confrontation between Robert E. Lee and Ulysses S. Grant—complicated, heroic, and deeply troubled men. For Lee and his Confederate forces, Gettysburg has been an unspeakable disaster, but he is determined to fight to the bitter end; he faces Grant, the decisive, hard-nosed leader of the Union army so desperately needs in order to turn the tide of the war. From the costly Battle of the Wilderness to the agonizing siege of Petersburg to Lee's epoch-making surrender at Appomattox, Shaara portrays the riveting conclusion of the Civil War through the minds and hearts of the individuals who gave their last full measure. **BONUS:** This edition includes an excerpt from Jeff Shaara's *Blaze of Glory*. *A Year in the South* is about four ordinary people in an extraordinary time. They lived in the South during 1865 -- a year that saw war, disunion, and slavery give way to peace, reconstruction, and emancipation. One was a slave determined to gain freedom, one a widow battling poverty and despair, one a man of God and planter's son grappling with spiritual and worldly troubles, and one a former Confederate soldier seeking a new life. Between January and December 1865 they witnessed, from very different vantage points, the death of the Old South and the birth of the New South. Civil War historian Stephen V. Ash reconstructs their daily lives, their fears and hopes, and their frustrations and triumphs in vivid detail, telling a dramatic story of real people in a time of great upheaval and offering a fresh perspective on a pivotal moment in history. Your Teacher Resources Binder includes: Annotated teacher's edition Blackline masters with answer key Reading comprehension activities Vocabulary reinforcement activities Additional biographies Additional primary source documents Chapter activities, reviews, quizzes Full-color overhead transparencies Teacher CD-ROM with: Additional blackline masters Full book assessment Unit tests and chapter quizzes ELL reading comprehension activities ELL vocabulary reinforcement activities Chapter puzzles Complete annotated teacher's edition in PDF format *Voices in the Storm* examines the significance of oratory in the Confederacy and also explores the nuances and subtle messages within Confederate speeches. Examining metaphor, argument, and figures of speech, Fritz finds some surprising shifts within the Civil War South. Her research indicates that four years of bloody

conflict caused southerners to reconsider beliefs about their natural environment, their honor, their slaves, and their northern opponents. Between 1861 and 1865 southerners experienced shattering calamities as they waged their unsuccessful struggle for independence. Confederate orators began the war by outlining a detailed and idealized portrait of their nation and its people. During the conflict, they gradually altered the depiction, increasingly adding references to the grotesque and discordant, as all around them southerners were losing homes and family members in the maelstrom that consumed their cities and fields, polluted their rivers, and destroyed their social order. Oratory played a fundamental role in the southern nation, whose citizens encountered it almost daily at military functions, before battle, in church, and even while lying in hospital beds or strolling on city streets. Because Confederate citizens frequently commented on oratory or spoke out during speeches, Fritz also considers audience behavior and response. By the end of the war, speakers described their nation in savage terms, applying to it expressions and characteristics once reserved only for the North. This analysis thus indicated that southerners listened as orators gradually shaped them and their nation into rhetorical facsimiles of their enemy, suggesting that separation at some level effected reunion. Excerpt from Proceedings of the City Council of Providence on the Death of Abraham Lincoln: With the Oration Delivered Before the Municipal Authorities and Citizens, June 1, 1865 The events of the past week have given rise to the feeling, that although the dawn of peace seemed breaking and the dark clouds of war seemed rolling away, yet our nation was really in greater danger than at any previous time. The liberal terms granted, upon its surrender, to the army under the command of the second of arch traitors; the indications that were being manifested of a magnanimous treatment of men, guilty of the blackest of crimes; the feeling of generosity that was being cultivated among the people of the North, towards the men who had not only raised their hand against the government, but who also visited upon its captured soldiers a line of treatment unparalleled in the history of civilized warfare - these were greater dangers than any we have yet encountered, and they are only checked by a crime, whose baseness will astound the world, and which clearly signifies that the power which has instigated and carried on this wicked rebellion is capable of any barbarity which will aid its infamous designs. That Divine Providence, which through these years of trial has strengthened and protected our President, upon Which he leaned with confidence and submission, and to which he looked at all times for consolation and support, has, at the very hour of his triumph, permitted his removal, and granted to him, as to the Patriarch of old, only a distant View of the promised land. Let us, in this hour of bereavement, trust in. That same Providence, to guide us safely on as a nation, and to grant unto us that the successor of him who hath been so suddenly removed may be armed with power and might to drive our enemies out from among us, and by a strong and vigorous policy, teach the world and the generations yet to come, that treason against such a government as ours is not to be rewarded with honor or magnanimity. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the

original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. 1860: The American capital is sprawling, fractured, squalid, colored by patriotism and treason, and deeply divided along the political lines that will soon embroil the nation in bloody conflict. Chaotic and corrupt, the young city is populated by bellicose congressmen, Confederate conspirators, and enterprising prostitutes. Soldiers of a volunteer army swing from the dome of the Capitol, assassins stalk the avenues, and Abraham Lincoln struggles to justify his presidency as the Union heads to war. Reville in Washington focuses on the everyday politics and preoccupations of Washington during the Civil War. From the stench of corpse-littered streets to the plunging lace on Mary Lincoln's evening gowns, Margaret Leech illuminates the city and its familiar figures—among them Abraham Lincoln, Jefferson Davis, Robert E. Lee, William Seward, and Mary Surratt—in intimate and fascinating detail. Leech's book remains widely recognized as both an impressive feat of scholarship and an uncommonly engrossing work of history. From the end of the Civil War through 1941, there were 168 North Carolinians who lost their lives to lynching. This form of mob violence was often justified as a means of controlling the black population; protecting white wives and daughters; and defending family honor. Legal attempts to deter lynching--including the 1893 law that classified it as a felony and sought to hold a county liable for damages--generally failed because of a lack of local support and ineffectual enforcement by state officials. After 1922, however, in a phenomenon unique to North Carolina, incidents of lynching inexplicably and rapidly declined, prompting the state to head a national movement to end it. Appendices provide an account of all 168 known lynching occurrences.
