This volume presents policy statements as they have been formulated by standing and special committees of the American Association of University Professors (AAUP) from 1940 to the present. Also included are a number of reports on special topics that have been approved by the AAUP for publication. The AAUP has been engaged in developing standards for sound academic practice and in working for the acceptance of these standards for more than 85 years. The

policy documents offer guidance to all components of the academic community for the development of institutional policy or the resolution of concrete issues. Some documents are designed to be adapted as institutional policy. Third parties also use some of these statements to support their own policies. The policy statements and reports are grouped into these categories: (1) "Academic Freedom, Tenure, and Due Process"; (2) "Professional Ethics"; (3) "Research and Teaching"; (4) "Distance Education and Intellectual Property"; (5) "Discrimination"; (6) "College and University Government"; (7) "Collective Bargaining"; (8) "Student Rights and Freedoms"; (9) "College and University Accreditation"; (10) "Collateral Benefits"; and (11) "Constitution." Appendixes contain the AAUP's 1915 "Declaration of Principles" and three other documents related to procedures in academic freedom cases, standards for investigation, and selected judicial decisions and scholarly writings related to AAUP policy. (SLD)

Authoritative and trusted, *Environmental Policy* convenes top scholars to evaluate the impact of past environmental policy while anticipating its future implications, helping students decipher the underlying trends, institutional constraints, and policy dilemmas that shape environmental politics. In the Ninth Edition, editors Norman Vig and Michael Kraft offer coverage of the latest issues, including the energy and natural resource policy dilemmas, sustainable cities, and the environmental impact of food production and consumption. A new concluding chapter ties the contributed material together with an assessment of the remaining environmental policy challenges for the 21st century. Up-to-date, and with learning features, the 9th edition of this respected textbook provides a fresh perspective and a crisp introduction to congressional politics. Covers the 2014 elections, a new Senate majority, and an early take on the 114th Congress, while showing the importance of strong legislature in American democracy. Since it was established in 1967, ALA's Office for Intellectual Freedom (OIF) has championed the rights of library users to seek and receive information on all subjects from all points of view without

restriction and without having the subject of one's interest examined or scrutinized by others. The new edition of the Intellectual Freedom Manual is more than just an invaluable compendium of guiding principles and policies. It's also an indispensable resource for day-to-day guidance on maintaining free and equal access to information for all people. Fortifying and emboldening professionals and students from across the library spectrum, this manual includes 34 ALA policy statements and documents, 17 new or updated for this edition, addressing patron behavior, internet use, copyright, exhibits, use of meeting spaces, and other common concerns. At-a-glance lists summarizing key issues such as access, challenges and censorship, access by minors to controversial materials, and advocacy. Explanations of legal points in clear, easy-to-understand language, alongside case citations. Numerous checklists to help readers stay organized. A glossary and selected bibliography. This must-have tool will help librarians ensure that institutions of all kinds remain beacons of intellectual freedom. Note to Readers: Publisher does not guarantee quality or access to any included digital components if book is purchased through a third-party seller.

This revised ninth edition of the best-selling introductory text to the U.S. health care system is fully updated to reflect changes to health care services, delivery, and financing resulting from new policies affecting the Affordable Care Act (ACA). Valued for its concise and balanced survey of the U.S. health care system, this book describes how the American health care system currently functions, the major factors that led to its present day structure, and a forecasting of how the industry is likely to change over the course of the next few years. This practical text highlights an array of influences shaping the future of health care, such as the use of big data and analytics, new policies and trends tied to pharmaceuticals and medical devices, and innovations to mental health and substance abuse. With an emphasis on policy development, the authors underscore the fluidity of the system and examine the debates and conflicts that have shaped health care changes and influenced American values.

and belief systems. This accessible text defines the most essential elements of the health care system, including its components, organization, services, and financing. An ideal text for undergraduate courses, graduate survey courses, and courses introducing the subject to medical students, it describes the ongoing evolution of the system, taking into consideration future directions given proposed changes to the ACA and other health laws by Congress, the Trump administration, and the political landscape in general. Organized to facilitate an understanding of concepts at work, Jonas' Introduction to the U.S. Health Care System equips public health and health administration students as well as medical, nursing, and allied health professionals with a deeper understanding of the field in which they will practice, so they can position themselves to navigate upcoming changes that affect health care quality, value, and access. New to the Ninth Edition: Updated to address changes to health care services, delivery, and financing in the United States An expanded section on future trends in health care A full description of the health care reform politics under the Obama and Trump administrations and those being promoted in political campaigns New chapter on medicines, devices, and health care technology Increased coverage of mental health and substance abuse, long-term care, and other institutionalized populations Digital ancillaries include access to the eBook, an annual update on U.S. health policy, and new student exercises utilizing publicly available data Key Features: The most concise and balanced introduction to the U.S. health care system Provides a framework for examining how each structure and stakeholder within the health system interacts and how changes to policy would affect them Numerous cartoons, graphs, and tables break up the text and serve as meaningful context with pertinent data Each chapter utilizes learning objectives and discussion questions to guide student reading Includes a full suite of Instructor ancillaries including an Instructor's Manual, PowerPoints, Test Bank, and other exercises Distinguished by its myth vs. reality framework, AMERICAN GOVERNMENT, 9E encourages students to confront their preconceptions about

American government and to think critically about the U.S. political system. Up-to-date content addresses issues such as the media, public opinion, the Supreme Court, domestic and international policy, education and environmental policies, and economic and social welfare. The Ninth Edition features full coverage of the groundbreaking 2008 elections. This program offers comprehensive resources for both instructors and students. As part of the Student Choice series, the AMERICAN GOVERNMENT Ninth Edition has been fully redesigned with pedagogical features such as section summaries and CheckPoint questions to help students understand material; a marginal glossary; and Focus Question Reviews that provide a point-by-point summaries of each chapter's main ideas, to engage students and to help those readers who may struggle with reading comprehension.

Now in its sixth edition, Pipeline Rules of Thumb Handbook has been and continues to be the standard resource for any professional in the pipeline industry. A practical and convenient reference, it provides quick solutions to the everyday pipeline problems that the pipeline engineer, contractor, or designer faces. Pipeline Rules of Thumb Handbook assembles hundreds of shortcuts for pipeline construction, design, and engineering. Workable "how-to" methods, handy formulas, correlations, and curves all come together in this one convenient volume. Save valuable time and effort using the thousands of illustrations, photographs, tables, calculations, and formulas available in an easy to use format Updated and revised with new material on project scoping, plastic pipe data, HDPE pipe data, fiberglass pipe, NEC tables, trenching, and much more A book you will use day to day guiding every step of pipeline design and maintenance "The text is written from a practical standpoint, which students are likely to understand and appreciate." –Lindsey Livingston Runell, J.D., Ph.D., Kutztown University Brief, focused, and up-to-date, Juvenile Justice: A Guide to Theory, Policy, and Practice, Ninth Edition, is a must-have

text that takes students on a journey through the practical realities of the juvenile justice system and the most current topics in the field. Students not only learn about the history, process, and theories of the juvenile justice system, but they also gain access to the latest crime measurements and explore important issues such as community-based sanctions, treatment and rehabilitation, gangs, and international youth crime. Emphasizing evidence-based practices, the authors guide readers through the methods and problems of the system and offer realistic insights for students interested in a career in juvenile justice. Real-life examples, excellent pedagogical features, and a complete online ancillary package are provided to help instructors effectively teach the course and help students learn interactively. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Learn more at edge.sagepub.com/coxjj9e. Roth IRA Answer Book provides in-depth coverage of the administration and operation of Roth IRAs. A team of practicing experts analyzes the most recent developments in practice, as well as legislation, regulation, and law. It is the one resource that takes pension professionals step by step through all aspects of plan administration and compliance. Health Care Law and Ethics, Ninth Edition offers a relationship-oriented approach to health law—covering the essentials, as well as topical and controversial subjects. The book provides thoughtful and teachable coverage of every aspect of health care law. Current and classic cases build logically from the fundamentals of the patient/provider relationship to the role of government and institutions in health care. The book is adaptable to both survey courses and courses covering portions of the field. Key Features: New authors Nick Bagley and Glenn Cohen Incorporated anticipated changes to the Affordable Care Act More current cases and more streamlined notes, including ones on medical malpractice, bioethics, and on finance and regulation More coverage of “conscientious

objection" and "big data" - Discussion of new "value based" methods of physician payment - Expanded coverage of "fraud and abuse" Current issues in public health (e.g., Ebola, Zika) and controversies in reproductive choice (e.g., Hobby Lobby) Coverage of cutting-edge genetic technologies (e.g., gene editing and mitochondrial replacement) This quick-reference manual lets you help clients take full advantage of their S corporation status and minimize their taxes. It leads you directly to authoritative information on every aspect of the S corporation, enabling you to: Arm the S corporation against the potential tax traps hidden in the Small Business Tax Protection Act. Maximize the tax benefits of S corporation status. Make a qualified Subchapter S Subsidiary (QSub) election. Identify dispositions that will trigger the built-in gains tax. Avoid added tax liability or loss of S corporation status from passive investment income. Capitalize on the permissible differences in stock rights to facilitate estate planning and ownership transfers. Determine allocation of income, losses, and deductions in the termination year of the S corporation. Plus, there are citations to the controlling rules, regulations, and court decisions that will save you hours of research.

Authoritative and trusted, *Environmental Policy* once again brings together top scholars to evaluate the changes and continuities in American environmental policy since the late 1960s and their implications for the twenty-first century. Students will learn to decipher the underlying trends, institutional constraints, and policy dilemmas that shape today's environmental politics. The Tenth Edition examines how policy has changed within federal institutions and state and local governments, as well as how environmental governance affects private sector policies and practices. The book provides in-depth examinations of public policy dilemmas including fracking, food production, urban sustainability, and the viability of using market solutions to address policy challenges. Students will also develop a deeper understanding of global issues such as climate change governance, the implications of the Paris Agreement, and the role of environmental policy in the developing world.

Students walk away with a measured yet hopeful evaluation of the future challenges policymakers will confront as the American environmental movement continues to affect the political process. *School Social Work: Practice, Policy, and Research* has been a foundational guide to the profession for over 40 years. Featuring 30 readings divided into five parts, this best-selling text reflects the many ways that school social work practice impacts academic, behavioral, and social outcomes for both youths and the broader school community. The essays include selections from both pioneers in the field and newcomers who address the remarkable changes and growing complexities of the profession. The ninth edition of *School Social Work* features a stronger focus on evidence informed practice and adds substantial new content related to antiracist practice and trauma-informed care. It retains the holistic model of school social work practice that has informed all previous editions of this cornerstone text, making it a relevant and vital resource for today's practitioners and students as schools grapple with how to deal with the COVID-19 pandemic and its aftermath. A vital text for understanding the twenty-first-century battlefield and the shifting force structure, this book prepares students to think critically about the rapidly changing world they'll inherit. *American Defense Policy*, first published in 1965 under the leadership of Brent Scowcroft, has been a mainstay in courses on political science, international relations, military affairs, and American national security for more than 50 years. This updated and thoroughly revised ninth edition, which contains about 30% all-new content, considers questions of continuity and change in America's defense policy in the face of a global climate beset by geopolitical tensions, rapid technological change, and terrorist violence. The book is organized into three parts. Part I examines the theories and strategies that shape America's approach to security policy. Part II dives inside the defense policy process, exploring the evolution of contemporary civil-military relations, the changing character of the profession of arms, and the issues and debates in the budgeting, organizing, and equipping

process. Part III examines how purpose and process translate into American defense policy. This invaluable and prudent text remains a classic introduction to the vital security issues the United States has faced throughout its history. It breaks new ground as a thoughtful and comprehensive starting point to understand American defense policy and its role in the world today. Contributors: Gordon Adams, John R. Since it first appeared in 1971, *Rise to Globalism* has sold hundreds of thousands of copies. The ninth edition of this classic survey, now updated through the administration of George W. Bush, offers a concise and informative overview of the evolution of American foreign policy from 1938 to the present, focusing on such pivotal events as World War II, the Cuban Missile Crisis, Vietnam, and 9/11. Examining everything from the Iran-Contra scandal to the rise of international terrorism, the authors analyze—in light of the enormous global power of the United States—how American economic aggressiveness, racism, and fear of Communism have shaped the nation's evolving foreign policy. The European Union has established itself as a leading text that provides readers from all disciplines with a sound understanding of

the economics and policies of the EU. Its wealth of information, detail and analysis has ensured that previous editions have been read by a generation of students, researchers and policy makers. It covers all major EU policy areas as well as theories of economic integration, the theory of economic and monetary union (EMU), the measurement of the economic effects of European integration and the legal dimension in EU integration. It also includes an explanation and analysis of all recent developments affecting the EU such as enlargement, the ratification of the Nice Treaty and the Convention for the Future of Europe. This edition has been thoroughly revised and updated and includes new resources to help students and teachers, including summaries, review questions, suggestions for essay titles and further reading lists. Buy a new version of this textbook and receive access to the Connected eBook with Study Center on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. Learn more about Connected eBooks

Evidence Under the Rules: Text, Cases, and Problems is one of the most widely-adopted Evidence casebooks ever published. Structured around the Federal Rules of Evidence, the book contains carefully edited cases and secondary materials, as well as numerous problems that allow students to apply concepts during classroom exercises or on their own. Text boxes provide interesting background on select cases and additional perspectives on key issues. The Ninth Edition has been updated to include the most recent Evidence cases and developments, as well as insights into recent and pending amendments to the Federal Rules. It has been streamlined by shortening or eliminating some notes, making it even more user-friendly. It contains applications of evidence law to factual scenarios that students are likely to find particularly interesting. New to the Ninth Edition: Discussion of recent influential cases, including the Supreme Court's decisions in *Ohio v. Clark* and *Pena-*

Rodriguez v. Colorado, as well as the most contemporary federal circuit and trial court decisions New problems exploring issues on Rule 404(b) evidence, Rule 410 protections for plea bargaining statements, the Rule 606(b) ban on postverdict juror testimony, demonstrative aids, and attorney-client privilege New Comment/Perspective boxes on issues of "corporate character evidence" and the use of handwriting experts to authenticate writings after Daubert Discussion of recent amendments to the Federal Rules, such as the amendment to the Rule 803(16) Ancient Documents hearsay exception, as well as discussion of the pending proposal to amend the Rule 807 Residual exception to the hearsay rule Professors and students will benefit from: Introductory text that provides a foundation for understanding the cases and materials that follow Numerous problems that treat cutting-edge issues, allowing students to apply important concepts to contemporary evidentiary problems Guidance for answering Note questions to assist students in understanding how to approach nuanced evidentiary questions "Comment/Perspective" text boxes that provide broader perspectives to aid in understanding doctrine Combining the most current public management thinking and research with examples of how public executives and organizations apply these ideas, MANAGING THE PUBLIC SECTOR is a comprehensive introduction to the field of public management. The Ninth Edition continues to engage the student's intellect by providing more than just the basic foundations of management; it places the application of management in the context of the public sector and tries to capture the excitement and challenge of the field. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. AMERICAN GOVERNMENT AND POLITICS TODAY: BRIEF EDITION, 2016-2017, shows you how easily and effectively you can participate in the political process. New features, up-to-date political news and analysis, and a great price make this text a top seller. Praised for its succinct format, balanced coverage, clarity, and readability, this book examines all the key concepts of American government, while

providing interesting student-oriented features that further convey what active citizenship means. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Written in clear, lively prose by one of the foremost scholars of social welfare, this book analyzes the evolution of the American welfare state from colonial times to the present placing social policy in its political, cultural, and societal context. Part of the BROOKS/COLE EMPOWERMENT SERIES, this 7th edition integrates the core competencies and practice behaviors outlined in the 2008 Educational Policy and Accreditation Standards (EPAS) set by the Council on Social Work Education (CSWE). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Jansson's BECOMING AN EFFECTIVE POLICY ADVOCATE goes beyond the traditional foundational approach to policy and helps students develop the skills they need to become advocates for social change. Students are taught the ins and outs of conducting policy practice and policy advocacy so that they can engage in policy advocacy at micro, mezzo, and macro levels during their own careers. The book presents a unique framework built around eight tasks and four skills needed by social workers in their policy advocacy. Policy Advocacy Challenges allow students to apply concepts to actual examples. Examples are included from the Barack Obama presidency and the 2016 presidential primaries and elections, with particular emphasis on policies related to inequality. Part of the Brooks/Cole Empowerment Series, the eighth edition is completely up to date and integrates the core competencies and recommended practices in the CSWE's 2016 Educational Policy and Accreditation Standards (EPAS). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. "This is an in-depth yet quite accessible overlook of public policy in the United States...With this updated version, Peters' text keeps up with the ever-changing world of American public policy while still giving students the tools to better understand this

process." —Michael E. Bednarczuk, University of Wisconsin-Milwaukee This updated edition of *American Public Policy* provides a comprehensive yet accessible overview of the policy-making process from procedural approaches and policy instruments to in-depth analysis of specific policy issues. The Eleventh Edition considers how policy has been impacted by recent economic and political developments. Not shying away from the complexity of governmental procedure, Peters ensures that the mechanisms of the policy process are understandable through insightful discussions of topical policy areas. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Learn more at edge.sagepub.com/peters11e. Bundle *American Public Policy*, 11e with any of the following texts for only \$5 more! *Issues for Debate in American Public Policy*, 19e: Use bundle ISBN 978-1-5443-4592-5 *The CQ Press Writing Guide for Public Policy*: Use bundle ISBN 978-1-5443-4141-5 For over thirty years, *Latin American Politics and Development* has kept instructors and students abreast of current affairs and changes in Latin America. Now in its ninth edition, this definitive text has been updated throughout and features contributions from experts in the field, including twenty new and revised chapters on Mexico, Central America, the Caribbean, and South America. The fully updated foundational section includes new chapters on political economy and U.S.-Latin American relations and covers the changing context of Latin American politics, the pattern of historical development, political culture, interest groups and political parties, government machinery, the role of the state and public policy, and the struggle for democracy. In addition to detailed country-by-country chapters, *Latin American Politics and Development* provides a comprehensive regional overview. "I consistently recommend the book to [colleagues] who are teaching American government for the first time. It is easy to use, and it provides all of the basics that any student would ever need to know. It is easy

for students to read, and it challenges their preconceived notions about the world..." –James W. Stoutenborough, Idaho State University

Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. *Keeping the Republic* draws students into the study of American politics, showing them how to think critically about "who gets what, and how" while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Ninth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power – the ability to create and share their own narratives – while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic, and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves. Up-to-date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, *Keeping the Republic, Ninth Edition* is a much-needed resource to help students make sense of politics in America today. *Keeping the Republic, The Essentials* is identical to the full version of the text, minus the three policy chapters. A Complete Teaching & Learning Package SAGE Vantage Digital Option Engage, Learn, Soar with SAGE Vantage, an intuitive digital platform that delivers *Keeping the Republic, Ninth Essentials Edition* textbook content in a learning experience

Updated in its 8th edition, *Introducing Public Administration* provides readers with a solid, conceptual foundation in public administration, and contains the latest information on important trends in the discipline. Known for their lively and witty writing style, Shafritz, Russell, and Borick cover the most important issues in public administration using examples from various disciplines and modern culture. This approach captivates readers and encourages them to think critically about the nature of public administration today. *Public Finance 9/e* benefits from the combined efforts of Harvey Rosen's market-leading book and co-author Ted Gayer's research and government agency experience. This combination of experience is able to explain as clearly as possible how the tools of economics can be used to analyze government expenditure and tax policies. This new edition incorporates recent developments and along the way takes students to the

frontiers of current research and policy. While the information presented is cutting edge and reflects the work of economists currently active in the field, the approach makes the text accessible to undergraduates whose only prior exposure to economics is at the introductory level. All of the changes in the Ninth edition were made to further the authors' goal of providing students with a clear and coherent view of the role of government spending and taxation. The authors' years of policy experience have convinced themselves that modern public finance provides a practical and invaluable framework for thinking about policy issues. The goal is simple: to emphasize the links between sound economics and the analysis of real-world policy problems. The American Congress provides the most current treatment of congressional politics available in an undergraduate text. Informed by the authors' Capitol Hill experience and scholarship, this book presents a crisp introduction to major features of Congress: parties and committee systems, leadership, voting and floor activity. This text contains discussions of the importance of presidents, courts and interest groups in congressional policy making. Recent developments are also discussed within the context of congressional political history. The seventh edition includes complete coverage of the first Congress of the Obama presidency, the 2010 midterm elections, healthcare reform and an early perspective on the 112th Congress with a Republican majority. With a theme of membership and belonging reflected throughout, *Immigration and Citizenship: Process and Policy* presents exceptionally broad coverage of immigration and citizenship and their unalienable rights. The book discusses constitutional protections, deportation, and judicial review and removal procedures. The authors define immigration and citizenship to include not only the traditional questions of who is admitted and who is allowed to stay in the United States, but also the complex areas of discrimination between citizens and non-citizens, unauthorized migration, federalism, and the close interaction of constitutional law with statutes and regulations. The fifth edition integrates important

developments, including many changes to the immigration statutes as part of the Patriot Act; anti-terrorism enforcement; and splitting up the Immigration and Naturalization Service into various parts of the new Department of Homeland Security and other federal agencies. Other significant changes include deleting the chapter on the concept of entry, folding the deportation chapter's discussion of relief into a general chapter on the grounds of deportability, and creating a new chapter on undocumented immigration. In its refined Third Edition, this popular casebook responds to both changes in the field and user feedback. ENVIRONMENTAL REGULATION: Law, Science, and Policy, Third Edition, is skillfully designed to help students and professors navigate this complex area of law. The authors bring clarity and coherence to the study of environmental regulations and the policy considerations that shape them, with: comprehensive coverage that supplies a complete introduction to environmental law while it allows professors flexibility to choose which topics to emphasize a detailed examination of policy that goes beyond an explanation of the regulatory structure to explore the political, economic, and ethical concerns that influence policy and enforcement effective teaching and study aids including charts and diagrams that map the structure of each major environmental statute, problems and questions based on real-life situations, and 'pathfinders' to explain where to locate crucial source materials a website (<http://www.law.umaryland.edu/courses/environment>) that continually updates subjects covered in the book with links that enable students to learn more about topics of interest detailed suggestions for teaching from the book provided in an extensive Teacher's Manual engaging and student-friendly text that demystifies the field Updated features of ENVIRONMENTAL REGULATION: Law, Science, and Policy, Third Edition, include: Updated coverage of the Clean Air Act New chapter on Land Use Regulation and Regulatory Policy Broader coverage of issues of federalism and congressional authority New problem exercises, and cases, including the Supreme Court's year 2000 Laidlaw decision on standing in citizen

enforcement actions When you select materials for your next course, consider the book that provides you with the most recent information and lets you organize it to suit your individual teaching preferences - ENVIRONMENTAL REGULATION: Law, Science, and Policy, Third Edition. Authors' website: <http://www.law.umaryland.edu/courses/environment> Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. Keeping the Republic draws students into the study of American politics, showing them how to think critically about "who gets what, and how" while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Eighth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power - the ability to create and share their own narratives - while simultaneously being even more vulnerable to those trying to shape their views. Brevity and practicality are the hallmarks of *Rules of Thumb*, the reference handbook that students turn to, again and again, throughout their college and professional lives. *Rules of Thumb* offers advice on the writing and research process, as well as specific guidance on punctuation, mechanics, usage, and a wide variety of common assignments. Over the nearly four decades it has been in print, *Reason in Law* has established itself as the place to start for understanding legal reasoning, a critical component of the rule of law. This ninth edition brings the book's analyses and examples up to date, adding new cases while retaining old ones whose lessons remain potent. It examines several recent

controversial Supreme Court decisions, including rulings on the constitutionality and proper interpretation of the Affordable Care Act and Justice Scalia's powerful dissent in *Maryland v. King*. Also new to this edition are cases on same-sex marriage, the Voting Rights Act, and the legalization of marijuana. A new appendix explains the historical evolution of legal reasoning and the rule of law in civic life. The result is an indispensable introduction to the workings of the law. This is a shrink-wrapped, discounted packaged for the introduction to American government course. The books included are: Kernell and Jacobson's 'The Logic of American Politics, 3rd ed.'; Kernell and Smith's 'Principles and Practice of American Politics, 3rd ed.' Walter A. Rosenbaum's classic *Environmental Politics and Policy*, Tenth Edition once again provides definitive coverage of environmental politics and policy, lively case material, and a balanced assessment of current environmental issues. The first half of the book sets needed context and describes the policy process while the second half covers specific environmental issues such as air and water; toxic and hazardous substances; energy; and a global policymaking chapter focused on climate change and transboundary politics. Covering major environmental policy initiatives and controversies during President Obama's two terms and capturing the sudden and radical changes occurring in the American energy economy, this Tenth Edition offers the needed currency and relevancy for any environmental politics course. The 10th edition of *STATE AND LOCAL GOVERNMENT* provides comprehensive and completely updated coverage of institutions, political behavior, and policy-making at the state and local level. This bestselling text's theme of increased capacity and responsiveness of state and local government conveys excitement about politics at the grassroots level and is pro public service. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Voting and elections may often be cited as the most entertaining aspect of political theatre, however, it is the arena of public policy that has the most direct

impact on the lives of the citizenry. And as we have seen played out in recent debates over healthcare reform, policy changes can be dramatic, sweeping, and often hotly contested. Known for providing a trusted and comprehensive overview of the policy process, B. Guy Peters returns with the ninth edition of *American Public Policy: Promise and Performance*. Beyond walking students through the governmental structures and policy-making procedures, Peters efficiently covers a wide swath of policy areas, and then concludes with a look at both cost-benefit analysis and ethical analysis. Framed in context of the aftermath of the financial crisis and Great Recession, the ninth edition considers how policy has been impacted by persistent unemployment and growing income inequality. In addition, Peters discusses the strain on education budgets, increased oversight of financial activities, fiscal policies meant to stimulate the economy, and the political challenge of balancing the budget in light of increased public spending.
