Hindutva: Who is a Hindu? is an ideological pamphlet by Vinayak Damodar Savarkar. Originally published under the title Essentials Of Hindutva in 1923, it was retitled Hindutva: Who Is a Hindu? when reprinted in 1928. 'This brave and timely book should be required reading for every Indian.'--Nayantara Sahgal In this revised paperback edition of his best-selling book, Ravish Kumar, one of our bravest and most mature public voices, examines why debate and dialogue have given way to hate and intolerance in India, how elected representatives, the media and

other institutions are failing us, and looks at ways to repair the damage to our democracy. A new introduction and two additional essays examine developments since the election results of May 2019. Translated by the author 'Tamasdrove the point home that ordinary people want to live in peace' The Guardian Set in a small-town frontier province in 1947, just before Partition, Tamas tells the story of a sweeper named Nathu who is bribed and deceived by a local Muslim politician to kill a pig, ostensibly for a veterinarian. The following morning, the carcass is discovered on the steps of the mosque and the town, already tension-ridden, erupts. Enraged Muslims massacre scores of Hindus and Sikhs, who, in turn, kill every Muslim they can find. Finally, the area's British administrators call out the army to prevent further violence. The killings stop but nothing can erase the awful memories from the minds of the survivors, nor will the various communities ever trust one another again. The events described in Tamas are based on true accounts of the riots of 1947 that Sahni was a witness to in Rawalpindi, and this new and sensitive translation by the author himself resurrects chilling memories of the consequences of communalism which are of immense relevance even today. Gone are the days when India was seen as a country of snake charmers. The second most Progressive economy of the world, India is also home of world class Industrialist like Ratan Tata. Today Ratan Tata is one of the world's top-most industrialists who took some far- reaching decisions in the fast changing Indian economic scenario. Tata is a household name in India. From salt to heavy military trucks are the products of Tata. You name one and Tata must be there. Ratan Tata has all what a man desire in his life Name, Fame and Riches. He is Chairman of the India's most prestigious industrial house. The voyage of jamsetji to Ratan Tata has been presented in a reader's friendly was This book is a sincere attempt to help you know more about Ratan Tam. Machine generated contents note: -- Transliteration -- Acknowledgements -- Preface -- 1. "You Must Meet Prahladji!"--2. Oral Tradition in the Twenty-first Century: Observing Texts -- 3. A Scorching Fire, A Cool Pool -- 7. Fighting over Kabir's Dead Body -- 8. Political/Spiritual Kabir -- References -- Index Bhagat Singh is a name that became synonymous with revolution in India's struggle for Independence. This young boy brought about a change in the way people thought about freedom. He was well read

and fought extensively for rights – his own, his comrades' and his countrymen's. A discussion with a friend soon turned into a matter of self-assessment for Bhagat Singh, leading to a discourse on why he chose to be an atheist. Even in the face of death at a very young age, his uncanny observation leads to his putting forth some pertinent questions. On another occasion, he was disappointed with his father's plea in court for his innocence and chose to write a letter to him. This book is a collection of eighteen of his valued writings from within the walls of prison and outside it, which show us the resolve in his words, and the bravery in his acts subsequently. Sanskrit Self Learner

The glorious tales of brave Indic resistance to invaders are still not fully known to us. This book contains 52 stories of valour, a tribute to these unsung warriors, both men and women from the last 1300 years. Manu Gandhi, M.K. Gandhi's grand-niece, joined him in 1943 at the age of fifteen. An aide to Gandhi's ailing wife Kasturba in the Aga Khan Palace prison in Pune, Manu remained with him until his assassination. She was a partner in his final yajna, an experiment in Brahmacharya, and his invocation of Rama at the moment of his death. Spanning two volumes, *The Diary of Manu Gandhi* is a record of her life and times with M.K. Gandhi between 1943 and 1948. Authenticated by Gandhi himself, the meticulous and intimate entries in the diary throw light on Gandhi's life as a prisoner and his endeavour to establish the possibility of collective non-violence. They also offer a glimpse into his ideological conflicts, his efforts to find his voice, and his lonely pilgrimage to Noakhali during the riots of 1946. The first volume (1943–44) chronicles the spiritual and educational pursuits of an adolescent woman who takes up writing as a mode of self-examination. The author shares a moving portrait of Kasturba Gandhi's illness and death and also unravels the deep emotional bond she develops with Gandhi, whom she calls her 'mother'. It is common knowledge that Mahatma Gandhi was shot dead in 1948 by a Hindu militant, shortly after India had both gained her independence and lost nearly a quarter of her territory to the new state of Pakistan. Lesser known is assassin Nathuram Godse's motive. Until now, no publication has dealt with this question, except for the naked text of Godse's own defence speech during his trial. It didn't save him from the hangman, but still contains substantive arguments against the facile glorification of the Mahatma. Dr Koenraad Elst compares Godse's case against Gandhi with criticisms voiced in wider circles, and with historical data known at the time or brought to light since. While the

Mahatma was extolled by the Hindu masses, political leaders of divergent persuasions who had had dealings with him were less enthusiastic. Their sobering views would have become the received wisdom about the Mahatma if he hadn't been martyred. Yet, the author also presents some new considerations in Gandhi's defence from unexpected quarters. "Ideas are not rare. Making them useful is." — Roger Fritz Attitude affects every facet of our lives—from the way we handle stress to how we communicate at work. The way we view difficulties and setbacks can make the difference between success and failure. Roger Fritz has devoted his career to helping people overcome obstacles and achieve their goals by changing their outlook on life. In the power of a positive attitude, he shows readers how to develop a deeper understanding of the effects of their attitude and how it influences not only their performance but the results others achieve. Now, readers can learn to succeed in business by: assessing their attitude toward themselves and their co-workers overcoming negative attitudes learning the dos and don'ts in dealing with their bosses becoming better listeners overcoming resistance to change in the workplace rejecting suggestions without causing resentment giving and responding to criticism from team members disagreeing with employees and colleagues without being disagreeable conquering burnout and stress life-affirming and authoritative, this is an invaluable book that will empower anyone to face life and work with joy and confidence. While the nation was celebrating Independence from British Rule and singing all praises for the 'Father of The Nation' – Mahatma Gandhi, the news of his assassination came as a shock. He was shot in the chest three times while he was walking towards the prayer grounds at the Birla House, New Delhi. The man behind the assassination – Nathuram Godse was a well known nationalist. He was arrested at the crime scene and sentenced to death after a year long trial. The book contains the final speech given by Godse in the court, mentioning the reason behind the drastic step he took. Revelatory narration of the nineteen dark months of emergency in India. On 19 March 2017, Yogi Adityanath took an oath as the twenty first Chief Minister of Uttar Pradesh. The book takes you through the journey of a shy and introvert boy from the hills of Uttarakhand, who had a modern education in the faculties of science from Kotdwar, later took sanyas and went through rigorous training in vedic education. From being a rebel politician inside and outside the party, he now has become a man of consensus. This book explores how a nathpanthi monk, learnt the

nuances of politics from his guru, Mahant Awaidnath, and rose to take the highest position in Uttar Pradesh's politics. Through extensive research I have accumulated unseen pictures, unheard instances, first-time interviews, with people close to Yogi, in this biography. A state with 22 crore people and 80 Lok Sabha seats, is one of the very crucial political pieces in India's electoral puzzle. With a history of producing many Prime Ministers for the country, the State has given yet another prospect for the Prime Minister's office, in the post-Modi era in the form of Yogi Adityanath. You have in your hands the first definitive biography of a monk who has become the Chief Minister of the most populous state of India. The life of Nathuram Godse, the man who shot Gandhi Dhirendra Jha's deeply researched history places Nathuram Godse's life as the juncture of the dangerous fault lines in contemporary India: the quest for independence and the rise of Hindu nationalism. On a wintry Delhi evening on 30 January 1948, Nathuram Godse shot Gandhi at point-blank range, forever silencing the man who had delivered independence to his nation. Godse's journey to this moment of international notoriety from small towns in western India is, by turns, both riveting and wrenching. Drawing from previously unpublished archival material, Jha challenges the standard account of Gandhi's assassination, and offers a stunning view on the making of independent India. Born to Brahmin parents, Godse started off as a child mystic. However, success eluded him. The caste system placed him at the top of society but the turbulent times meant that he soon became a disaffected youth, desperately seeking a position in the infant nation. In such confusing times, Godse was one of hundreds, and later thousands, of young Indian men to be steered into the sheltering fold of early Hindutva, Indian nationalism. His association with early formations of the RSS and far-right thinkers such as Sarvakar proves that he was not working alone. Today he is considered to be a patriotic hero by many for his act of bravery, despite being found guilty in court and executed in 1949. An insight into many untold facts describing the position of Kashmiri Pandits since the pre-independence era, the subsequent developments that shaped the socio - cultural and political environment in J&K, the sowing of the seeds of terrorism much before they showed up and the factors that led to the world's largest mass exodus of people in their own country, this biography chronicles historic events witnessed and led by Pandit Amarnath Vaishnavi dating back to 1947 up to the year 2012. Amarnath Vaishnavi was a social activist at the grass root and was at the helm of various

historic events pertaining to Kashmiri Pandits that shaped history and influenced the lives of hundreds of thousands of people. His negotiations with the government led to the rehabilitation of displaced Kashmiri Pandits who lost their homes during their mass exodus from Kashmir in 1990. A man who was so influential was never tempted to accumulate wealth or use power to help himself or his close family members. He lived a down to earth life in one of the Kashmiri refugee colonies in Jammu. He was honoured with the title, "Father of the Kashmiri Pandit Community." Dr. Keshav Baliram Hedgewar was a devoted exponent of Indian culture. This book not only sums up the life and times of illustrious freedom fighter but also brings to the fore hitherto unknown facets of his life. The education system of India has been thoroughly compromised. It is being systematically used to create a historical grand narrative, which is ethically and factually incorrect. Sophisticated propaganda techniques are employed to create this artifice. This book is an effort to highlight this academic fraud. It is a result of research spread over more than 6 years. Facts are the guiding lights for the books and not any ideology. For further information refer to our website: www.brainwashedrepublic.com Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Obscure Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. The assassin of Mahatma Gandhi, Nathuram Godse is likely one of the most debated personalities in the history of India. The opinions on his character are divided across the country-while some people believe him to be a traitor, others consider him to be truly patriotic and demand that temples be built in his honour. Such opposite reactions are bound to leave the common man confused about who Nathuram Godse really was. Was he a terrorist? Was he a traitor? Was he a professional assassin? If not, then why did he kill Gandhi? Why did he consider Gandhi to be responsible for India's partition? Moreover, did Gandhi really deceive the public in order to pacify Muslim leaders? Bharat Vikhandan is a book that speaks in favour of the latent potential within India and its diverse culture. It argues that the country's integrity is being diluted by three prominent Western cultures and discusses the resulting effects of the process. This book examines the origins of the famous Dravidian movement that shaped the vast culture of our nation, while also focusing on the Dalit Identity and its current situation. It has been also noted that the book predominantly

concentrates on the subordination, surveillance and subversion of Independent India. Bharat Vikhandan makes for a powerful read while closely observing the changing trends in modern India and questioning the reasons behind its growth and eventual dilution. It makes for an eye-opener and is a wakeup call to the nation as whole, forcing to rethink our priorities and allegiances. It has been praised for its historiographical and confrontational content while refusing to shy away from hard truths that need to be discussed. This book was published by Harper Hindi in 2014 and is available in paperback. Key Features: This is the Hindi translation of the title Breaking India by the same author. Avul Pakir Jainulabdeen Abdul Kalam, The Son Of A Little-Educated Boat-Owner In Rameswaram, Tamil Nadu, Had An Unparalleled Career As A Defence Scientist, Culminating In The Highest Civilian Award Of India, The Bharat Ratna. As Chief Of The Country`S Defence Research And Development Programme, Kalam Demonstrated The Great Potential For Dynamism And Innovation That Existed In Seemingly Moribund Research Establishments. This Is The Story Of Kalam`S Rise From Obscurity And His Personal And Professional Struggles, As Well As The Story Of Agni, Prithvi, Akash, Trishul And Nag--Missiles That Have Become Household Names In India And That Have Raised The Nation To The Level Of A Missile Power Of International Reckoning. Khushwant Singh wrote in the preface to the hardbound edition published in 1990 of this true account of Mohanlal Bhaskar`S mission to find out about Pakistan`S nuclear plans: `He was betrayed by one of his colleagues, presumably a double agent, and had to face the music on his own. The interrogation, which was done by the army and police, included torture of the worst kind imaginable. Many of his comrades went insane or ended their own lives. Large portions of his stories describe the methods used in gory and spine-chilling detail but there were also lighter moments with dacoits, prostitutes, pimps and dope smugglers in the same jails....` He witnessed history unfolding from Mianwali jail: `... when Sheikh Mujibur Rehman was brought there, and had his grave dug and then refilled when Bhutto released him to return in triumph to Bangladesh. From his cell he watched Indian bombers and fighters knock out Pakistan`S airforce from the skies...` Operation Blue Star Is One Of The Most Controversial, Hotly-Debated Military Operations In The World And A Turning Point In Contemporary Indian History. This Is An Account By The Army Officer Who Led It -- Touchingly Honest, Often Anguished, Minutely Detailed. It Hides Nothing -- Not The

Unexpected Reverses Suffered By The Army, Nor Its Miscalculations, Nor The Grit And Determination Of The Militants It Was Assigned To Flush Out. This is one of the epics from Dr. Ambedkar. Written in 1945 the book really explains the dynamics of Hindu Mahasabha and Muslim League and how Congress and British Government played a role in partition. Although this book takes you to the unheard side of partition, it is interesting on how linguistic approach was chosen for a division of something that is unsure if it existed. Dr. Ambedkar takes a fine approach of giving a clarity of situation instead of been judgmental on the partition. No wonder the man was chosen to write our constitution. Of course if the war of majority and minority is kept away, the partition and its tragedy can be ready more fluently. Our body consists of five elements i.e. Akash, Vayu, Jal, Agni and Prathvi tatvas. The each finger represents the respective elements present in the body. The imbalance in the tatvas (elements) leads to the various ailments or the diseases in the body. The Mudra Vigyan is an ancient Indian Science that is being practiced for centuries. A pivotal figure in India's independence movement, the country's first Prime Minister, and an active politician for most of his life, Jawaharlal Nehru was also a renowned writer and scholar. Nehru's India brings together twenty-one representative speeches from Jawaharlal Nehru's 'Prime Ministerial years'. Through these speeches, selected and introduced by Mushirul Hasan, we get to see the development of Nehru's vision for free India and the actual process of transforming the blueprint into reality. They are an early articulation of government position and policies vis-a-vis infrastructural development, the roles of government and business, the differing requirements of communities and languages, and the inseparability of science and ethics. While some often reflect the opposition and struggle Nehru faced in the implementation of these policies, others help reveal the person behind the politician and administrator. Mushirul Hasan's delightful introduction cleverly knits the selections together. On the assassination of Mohandas Karamchand Gandhi, 1869-1948; deposition of the assassin at the Court of the Special Judge, Red Fort, Delhi. There are numerous books available in the market on the subject of Share Market. However; in this book; the author attempts to elucidate the complicated aspects of financial domain in a clear and simple manner. The modus operandi of the share market; commodity market; mutual funds and idiomatic language used in the market are explained with illustrations. The author presents her suggestions for selection of a good

broker.
