This book presents a historically and critically nuanced study of George Herbert's biblical poetics. Situating Herbert's work in the context of shifting ideas of biblical mystery, Gary Kuchar shows how Herbert negotiated two competing impulses within post-reformation thought—two contrary aspects of reformation spirituality as he inherited it: the impulse to certainty, assurance, and security and the impulse to mystery, wonder, and wise ignorance. Through subtle and richly contextualized readings, Kuchar places Herbert within a trans-historical tradition of

biblical interpretation while also locating him firmly within the context of the early Stuart church. The result is a wide ranging book that is sure to be of interest to students and scholars across several different fields, including seventeenth-century studies, poetry and the bible, and literature and theology. This book documents the lesser-known varieties of English which have been overlooked and understudied within the canon of English linguistics. DuBois organizes his cookbook's recipes into sections on the problem, the solution stated simply, and the solution implemented in code and discussed. The implementation and discussion sections are the most valuable, as they contain the command sequences, code listings, and design explanations that can be transferred to outside projects. A lyrical leap from one animal to the next! "A flea asleep / in the deep green moss / nettled by midges / wakes up cross, / starts to fidget / and turn and toss." And then he LEAPS into the path of a grasshopper. Who, in turn, LEAPS onto a bunny. And so it goes, dog, fish, bullfrog, horse and dog again, each leaping and upsetting the next. Until, at last, the dog arrives in that same deep green moss. The flea leaps onto the dog. And they both fall asleep! A romp of a satisfying, circular story poem — like a game of tag, it's pure delight! (Fake Book). It's a pantheon of public failure. They would be harder put to say what links Eric Byrnes, Tony Fernandez, and Babe Ruth, though these players made misplays every bit as egregious. In this smart, highly readable history of scapegoating, John Billheimer identifies the elements that combine to condemn one player to a life sentence while another gets a wrist slap for the same offense. As it turns out, the difference between a lower-case e in some forgotten box score and a lifetime of ignominy can hinge on a number of factors, including timing, geography, reputation,

misunderstanding, media bias, and just plain bad luck. Written during his twenties, these letters buoyantly describe Faulkner's everyday life during his first travels away from Mississippi: his time in New Haven, New York, and Canada, and his visits to New Orleans, the Gulf Coast, and Europe.
