Music of Louisiana was at the heart of rock-and-roll in the 1950s. Most fans know that Jerry Lee Lewis, one of the icons, sprang out of Ferriday, Louisiana, in the middle of

delta country and that along with Carl Perkins and Elvis Presley he was one of the very first of these “white boys playing black music.” The genre was profoundly influenced by New Orleans, a launch pad for major careers, such as Little Richard’s and Fats Domino’s. The untold “rest of the story” is the story of swamp pop, a form of Louisiana music more recognized by its practitioners and their hits than by a definition. What is it? What true rock enthusiasts don’t know some of its most important artists? Dale and Grace (“I’m leaving It Up to You”), Phil Phillips (“Sea of Love”), Joe Barry (“I’m a Fool to Care”), Cooke and the Cupcakes (“Mathilda”), Jimmy Clanton (“Just a Dream), Johnny Preston (“Runnin’ Bear”), Rod Bernard (“This Should Go on Forever”), and Bobby Charles (“Later, Alligator”)? There were many others just as important within the region. Drawing on more than fifty interviews with swamp pop musicians in South Louisiana and East Texas, *Swamp Pop: Cajun and Creole Rhythm and Blues* finds the roots of this often overlooked, sometimes derided sister genre of the wildly popular Cajun and zydeco music. In this first book to be devoted entirely to swamp pop, Shane K. Bernard uncovers the history of this hybrid form invented in the 1950s by teenage Cajuns and black Creoles. They put aside the fiddle and accordion of their parents’ traditional French music to learn the electric guitar and bass, saxophone, upright piano, and modern drumming trap sets of big-city rhythm-and-blues. Their new sound interwove country-and-western and rhythm-and-blues with the exciting elements of their rural Cajun and Creole heritage. In the 1950s and 1960s American juke boxes and music charts were studded with swamp pop favorites. A fun activity book for children in which they will enjoy rhyming, coloring, and drawing. *Alligator*, presented in the form of an interactive finger puppet, refuses to help Crocodile with daily chores. In the New York Times–bestselling spy series, Agent Oakes is in Cuba for secret negotiations with Che Guevara—on a mission that soon turns deadly. From his 1st day in office, President Kennedy has been bedeviled by Cuba. The CIA forced the Bay of Pigs invasion down his throat, resulting in lost lives, international embarrassment, and a new low in America’s relationship with the Caribbean. More than anything, Kennedy wants Cuba contained. Brute force didn’t work; it’s time to try a subtler approach—and there is no spy more tactful than Blackford Oakes. The CIA calls it Operation Alligator: a top secret back-channel negotiation to put Cuba and the United States on better footing. Oakes goes south to meet with Castro’s right-hand man, the notorious Che Guevara, in hopes of finding common ground between their countries. Instead, he discovers a sinister Communist plot that could destabilize the hemisphere, and lead the US president to his doom. See You Later, *Alligator* is the 6th book in the Blackford Oakes Mysteries, but you may enjoy reading the series in any order. In a while, *Crocodile* is a fun and energetic story you will want to share with young children. The clever text builds on the well-known children’s rhyme to introduce children to a variety of animals, plants and habitats. Full of bright, colourful illustrations, this rhyming book will delight young readers and their parents. So much so, that they won’t want to have to say goodbye to it—but will be coming back again and again to do just that! A departing tortoise has his bags packed and is almost ready to set out on an adventure, but he can’t leave until he says good-bye to each of his animal friends. The tortoise stops for every last timid mouse and bumblebee, shouting his rhyming good-byes, making you wonder if, perhaps, he’s stalling the start of his trip. His animal friends appear startled as he suddenly pops up on each page to say adieu—especially the perplexed rhinoceros the tortoise mistakes for a unicorn! With each farewell, the tortoise’s good-byes get sillier and more creative. When will the good-byes end and the adventure begin? See You Later, *Alligator* is a silly story with bright, engaging illustrations and expressive, rhyming text that children will want to read—and giggle through—again and again. Newbery Honor winner Laurence Yep draws upon his memories of growing up in San Francisco's Chinatown to create an unusual story of sibling rivalry and self-discovery. When Teddy buys an alligator for his younger brother Bobby as a spiteful birthday present, he never imagines how much they will both come to love the beast. Lyle is perfectly happy living with the Primms on East 88th St. until irritable Mr. Grumps next door changes all that. Since Florida is loaded with animals, we're going to capture a pet for Sam. All we have to do is come up with a way to get that egg. Luckily, Sam and I are idea men! From award-winning journalist David Kushner, a regular contributor to Rolling Stone, The New Yorker, and Vanity Fair, Alligator Candy is "a raw story about courage, survival, and most certainly about love" (Tampa Bay Times). David Kushner grew up in the suburbs of Florida in the early 1970s, running wild with his friends, exploring, riding bikes, and disappearing into the nearby woods for hours at a time. One morning in 1973, however, everything changed when David's older brother Jon took a short bike trip to the local convenience store. He never returned. Alligator Candy is the story of Jon's murder at the hands of two sadistic drifters, and everything that happened after. Jon's death was one of the first in what turned out to be a rash of child abductions and murders that dominated headlines for much of the 1970s and 80s. It was around this the time that milk cartons began to feature the images of missing children, and newscasters began asking, "It's 10:00, do you know where your children are?" Alligator Candy chronicles Jon's story, but also tells how parenting in America has changed, casting light on the transition between two generations of children—one raised on freedom, the other on fear. "Parents today can understand the love, hope, and fear Kushner so eloquently describes in this account of one family's transcendent courage in the face of crushing pain" (Bookpage, "Top Ten Book of the Month"). Alligator Candy is a disturbing, insightful, and inspiring meditation on grief, growth, and what childhood has become: "not only a memorial to a brother tragically deprived of his right to live; but also a meditation on the courage necessary to live freely in a world riven by pain, suffering, and evil" (Kirkus Reviews). Gator's moving and he gets encouragement from his old friends to make new friends in his new neighborhood. This is a perfect adventure for a child to take. Readers will enjoy how she demonstrates a friendly relationship among a boy and alligator highlighting the colors, objects and size in rhyme, capturing this new adventure. One of the best loved Canadian poems of all time, “Alligator Pie” established Dennis Lee’s reputation as “Canada’s Father Goose” when it appeared in his classic poetry collection of the same name in 1974. This fun-filled e-edition is a must-have for every baby and preschooler's library. "You can almost hear the skipping ropes slapping on the sidewalk." --Margaret Laurence WINNER OF THE 2018 LUCIEN STRYK ASIAN TRANSLATION PRIZE The English-language premiere of Qiu Miaojin's coming-of-age novel about queer teenagers in Taiwan, a cult classic in China and winner of the 1995 China Times Literature Award. An NYRB Classics Original Set in the post-martial-law era of late-1980s Taipei, *Notes of a Crocodile* is a coming-of-age story of queer misfits discovering love, friendship, and artistic affinity while hardly studying at Taiwan's most prestigious university. Told through the eyes of an anonymous lesbian narrator nicknamed Lazi, this cult classic is a postmodern pastiche of diaries, vignettes, mash notes, aphorisms, exegesis, and satire by an incisive prose stylist and major countercultural figure. Afflicted by her fatalistic attraction to Shui Ling, an older woman, Lazi turns for support to a circle of friends that includes a rich kid turned criminal and his troubled, self-destructive gay lover, as well as a bored, mischievous overachiever and her alluring slacker artist girlfriend. Illustrating a process of liberation from the strictures of gender through radical self-inquiry, *Notes of a Crocodile* is a poignant masterpiece of social defiance by a singular voice in contemporary Chinese literature. A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.
