Get Down Aug 09 2021 Asali Solomon's characters are vivid misfits—a heathen at Jesus camp, a scheming prep-school student, a middle-aged mom pining for her salsa-dancing salad days, a scheming twentysomething virgin, a college stud in love with his weight-lifting partner, a lonely girl in love with a yellow dress. The kids in Get Down are trapped between their own good breeding and their burning desire to join the house party of sex, romance, and bad behavior that seems to be happening on some other block, down some other more dangerous street. The adults in Get Down are just trying to hold it together. Here is a debut that will make you laugh and cringe in equal measure. Set mostly in middle-class black Philadelphia during the crack and Reagan years, the stories in Get Down are antic, poignant, and utterly universal—they'll bring back memories for anyone who has ever stood in the corner of a darkened school gym wondering whether to dance . . . or duck for cover. They announce a sparkling new talent, a recent graduate of the Iowa Writers' Workshop whose work has been featured in Vibe, Essence, and the anthology Naked: Black Women Bare All About Their Skin, Hair, Hips, Lips, and Other Parts.

Going Down Feb 03 2021 Bennington is nineteen, a sharp, unshockable drama student who, when the cash flow runs low, sees no harm in a little out of hours escort work to fund her course. The world she moves in, where homeless friends sleep in an empty swimming pool, her Dad is a drunk and an ex-flatmate steals from his lover, has little to offer. So one vacation, left in an empty halls of residence at NY University, Bennington meets her madam and gets down to business, not forgetting to buy her

first Louis Vuitton bag on the way. Unforgettable for her whimsical tone, amusing details and dead pan honesty: 'Afterwards I always say, 'You've got a great body' or if there's no way that's plausible, 'I love your moustache'. Sometimes I just say, 'Nice apartment' '. A funny, fresh and bittersweet debut.

Getting Down at Bhubaneshwar Apr 17 2022 Westerners often travel to India for revelation. This book chronicles three trips made there by two Westerners, the author and his wife, over nine years. Revelation did occur to them as an aspect of those trips though perhaps not in any form they might have anticipated. India is an assault upon everything from the five senses to one's sense of history and religion, one's sense of the whole world in fact. It overturns, it overwhelms all categories and assumptions. It knocked two seasoned travelers off their bases as the pages of this book demonstrate. And enriched them too. Irruptive India.

Going Down in Flames May 26 2020 If her love life is going down in flames, she might as well spark a revolution. Finding out on your sixteenth birthday you're a shape-shifting dragon is tough to swallow. Being hauled off to an elite boarding school is enough to choke on. Since Bryn is the only crossbreed at the Institute for Excellence, all eyes are on her, but it's a particular black dragon, Zavien, who catches her attention. Zavien is tired of the Directorate's rules. Segregated clans, being told who to love, and close-minded leaders make freedom of choice almost impossible. The new girl with the striped hair is a breath of fresh air, and with Bryn's help, they might be able to change the rules. At the Institute, old grudges, new crushes, and death threats are all part of a normal day for Bryn. She'll need to learn to control her dragon powers if she wants to make it through her first year at school. But even focusing on staying alive is difficult when you're falling for someone you can't have... Going Down for Air Mar 04 2021 What is hidden in the taste of a madeleine - or in snatches of Bob Dylan songs, operatic arias, and the remembered sting of a rattan cane? An exploration of memory, Going Down for Air artfully combines two very different yet connected texts. A Memoir is richly evocative not only of times past, but also of a very English, imperial, queerly masculine subjectivity,

caught on the cusp of the extinction of the world in and of which it made sense. Derek Sayer's allusive writing succeeds as few have done before in capturing the leaps and bounds of memory itself. Rich in its detail, unstinting in its honesty, this beautifully written memoir is a considerable literary achievement. The memoir is complemented by Sayer's provocative theoretical essay on memory and social identity. Drawing on linguistic and psychoanalytic theory, photographic images, and literary texts, In Search of a Subject argues that it is memory above all that maintains the imagined identities upon which society rests. Going Down for Air is a bold and strikingly successful literary and sociological experiment, which makes a major contribution to understanding how our memories work - and gives them social meaning far beyond

Going Down to the River Nov 12 2021 The astonishing story of a singer-songwriter living on the streets of Nashville who met Jesus, got sober, and found international stardom at the age of 62. Doug Seegers left New York for Nashville in search of every songwriter's dream. When he didn't find success, he fell into a state of loneliness that fed an addiction he had battled since adolescence. Soon, he was homeless, playing his guitar on the street with a cardboard sign asking for money. But then he cried out to God in repentance and need, and God graciously met him. Doug then found sobriety, regained some footing, and in a miraculous moment was discovered outside a food pantry by a Swedish musician and documentarian who put his story on the air in Stockholm. Within days of the documentary airing--even though he still walked to the public library every day and acquired most of his belongings from nearby Dumpsters--Doug had the number-one selling song in Sweden. Going Down to the River is Doug's inspirational story of faith, forgiveness, and the power of prayer and belief. It is also the never-give-up tale of a man who played music for 55 years without success only to become a chart-topping artist at the age of 62.

Open Innovation Results Sep 29 2020 We live in an age of exponential technology, but this is not so new. Indeed, technological innovation has been promoted so assiduously for so long that there is now a discernible pattern to its emergence known as the Gartner Hype Cycle. Open innovation is no exception. In this book Henry Chesbrough, the originator of open innovation, examines the hype behind its practice, shows where real results are taking place, and explains how companies can move beyond the hype to achieve real business results. The book begins with an exponential paradox; new technologies are emerging at an accelerating rate, yet we continue to see stagnant wages and lagging production. These realities are hard to reconcile with the promise of exponential technologies. A closer look suggests that exponential advocates are paying too little attention to the broad dissemination and absorption of a new technology before it delivers real profit and social benefit. To get valuable results from innovation, businesses must open up their innovation processes and finish more of what they start. They need to open their knowledge flows to generate new growth, and unused internal knowledge must flow openly to others to generate new revenue and future business opportunities. Many of the best known aspects of open innovation such as crowdsourcing, open source software, or innovation intermediaries are often not well connected to the rest of the organization. Using numerous real-world examples of these methods in practice, Chesbrough illustrates how they can, and must, be used in connection to the organization as a whole in order to have real long-term value. Open Innovation Results offers a clear-eyed view of the challenges and realities that limit the ability of organizations to create and profit from innovation. Whether in the largest companies or in a small business, an advanced economy or a rural village, this book charts a course to enhance organizational growth and performance.
